

# STOP!

Installation of this head is accepting it as the correct replacement and will not be eligible for return.

Be sure to compare the following before proceeding.

- ✓ Casting numbers
- ✓ Threaded mounting holes
- ✓ Oil galley plugs
- ✓ Freeze plugs
- ✓ Camshafts and Sensors
- ✓ Sensor-hole location and sizes.

If you replace a cracked or damaged head with this head and do not resolve the original problem,  
**it will happen again!**

## LIMITED WARRANTY

All heads are warranted against defective workmanship only, and are not unconditionally guaranteed against all hazards. This cylinder head is warranted for a period of one (1) year. Warranty is void regardless of the time under the following conditions:

- 1) Improper Installation
- 2) Faulty Cooling System, Radiator, Water Pump, Thermostat, ETC.
- 3) Unit Runs Hot- Heat Tab On Head Melt Down Or Missing.
- 4) Warranty Void If Head Used On High Performance Vehicles, Race Car, Police, Ambulance Units.

This warranty is limited to replacement of the head only. No labor allowance is given or intended. The obligations assumed under this warranty are limited to replacement of head only, as herein provided and are in lieu of all other obligations, warranties or guarantees, expressed or implied. Units held in question must be shipped freight prepaid to Cylinder Head Express. It is understood that the return of the failed parts is essential and that no warranty consideration will be considered without it. The cylinder head must be returned to us uncleaned and without removal of valves, springs, and pre-combustion chambers where applicable. Replacement or credit, if due, will be issued only after such conditions have been met.

## CORE RETURNS

CHE has a very simple core return policy. Cracked core? Ok! Bad camshaft? Ok! The only restrictions to receiving full core credit are as follows:

- Core must be the same as what was purchased.
- Core must be assembled and complete with the same number of parts as what was purchased. Disassembled cores carelessly thrown in the box will be rejected!
- Returned within 6 months of purchase.
- In the original box

CHE highly encourages you to wait to return the core until after your new head has been installed and is operating properly. This is to ensure that all needed items from the core are there when you need them (such as studs, sensors, threaded plugs, head gasket alignment pins, pulleys etc.). Once the core has been received at CHE, any extra part(s) left on the core are discarded and will be next to impossible for us to track down for you.
