

US Motor Works, LLC

Electric & Mechanical Fuel Pump Assemblies & Sending Units

Lifetime Limited Warranty / Unlimited Mileage

Release Date: 04/01/2020

US Motor Works, LLC is dedicated to maintaining the integrity of its brand through the use of this Lifetime Limited Warranty. This warranty shall be used as a guideline for any resulting future warranty's with US Motor Works branded product. This warranty only applies to products purchased through RockAuto Distribution in the USA and are subject to scrutiny and full quality control audit prior to any authorizations that may result from the warranty process.

Products covered under warranty:

- US Motor Works: Fuel Pump Modules, Fuel Pump Sending Units, Fuel Pump Rebuild Kits, Mechanical Pumps, GDI Pumps, Marine Pumps.

General Terms:

US Motor Works warrants that all products will be free of defects in material and workmanship. US Motor Works obligation to this Lifetime Limited Warranty will be to replace any non-conformant product through its original distribution partner. US Motor Works is not responsible for any consequential or incidental cost incurred through the negligent installation of its product. In addition, US Motor Works is not responsible, nor liable for any incidental damages incurred under this warranty or any implied warranties thereafter.

US Motor Works will not be responsible for damages resulting from:

- Deviation from US Motor Works application recommendations as printed in physical catalogs, e-catalogues and printed installation recommendations on boxed unit.
- Installation not consistent with manufacturer written installation process or accepted industry standard.
- Alterations or modifications of any sort that deviate the products standing from original manufactured condition.
- Neglect, abuse, accident & accidental damage, or general misuse.
- Improper application use, deviations from manufacturer general installation guidelines.

Warranty Exclusions:

This warranty does not apply to product installed in vehicles for the use of the following:

- 1) Off-Highway recreational use, or any related and not limited to racing applications for competitive use.
- 2) Towing exceeding the vehicle manufactures defined limits.
- 3) Any Fleet use including and not limited to: Car Rental, Dealership Rentals, Corporate Fleets, or government use.

Duration of coverage:

This warranty is valid and lasts for the duration of “your” ownership of the original vehicle; as long as the regular service intervals have been maintained. The original purchase receipt and related documents must be available for audit at the time of warranty. Coverage of the warranty becomes void, if at any point the vehicle is transferred in ownership. At this point the warranty implied is no longer subject to any liability or warranty provided through the purchase of the US Motor Works Product.

Warranty Coverage Remedy:

Under the inferred warranty stated above; US Motor Works will remedy any qualifying warranty claims by replacing the original product as originally purchased. No other implied liabilities or returns are inferred by the statements made under this Warranty coverage remedy. Any resulting missing components that are not included in the original product will invalidate the warranty coverage remedy stated above. US Motor Works also reserves the right to refund the original product purchase price in lieu of replacement.

Condition of Warranty:

US Motor Works only extends this warranty to applicable products when installed in the exact recommended vehicles by either US Motor Works Installation guidelines or Original Equipment Manufacturer recommendations as catalogued by US Motor Works.

Installation Guidelines and Exclusions:

All US Motor Works Fuel Pumps and related components must be installed at the time of replacement; The fuel tank must be flushed of any contaminants and cleaned prior to installation. US Motor Works provides extensive and complete module assemblies that include and are not limited to replacement original equipment strainer, wiring harness, fuel tank seal, electrical related components that are vital to the successful installation of a fuel pump. Diagnostic diagrams are also provided to be followed during the installation process of any Fuel related products on your vehicle. Failure to meet any of the stated installation guidelines automatically voids warranty for the lifetime of the product.

Manufacturer Statement:

The Lifetime Limited Warranty provided by US Motor Works as expressed above; does not represent all conditions the warranties will be subjected to during the warranty claims process. If there are any concerns or failure to find resolution through your local distributor from which the product was purchased. Please contact US Motor Works, LLC directly at **(562) 404-0488**. US Motor Works stands by its workmanship and quality statement provided above and reserves the right to refuse warranties with no recourse.
