

Cooling Systems and Flexibles, Inc. (CSF) warrants this radiator, under normal use and service, for 2 years from the date of purchase to the original purchaser of the vehicle in which the radiator was originally installed.

This warranty covers any parts furnished from the factory of CSF, but does not include labor and materials of any kind not furnished by CSF. This warranty does not apply to any equipment which shall have been repaired or altered outside the factory of CSF in any way so as, in the judgment of CSF, to affect its stability. This warranty does not apply to any equipment which has been subjected to misuse, negligence, or operating conditions in excess of those for which such equipment was designed. The warranty does not apply if the vehicle in which the radiator was installed was used in commercial (including fleet), governmental, off-highway or racing applications. This warranty does not cover the effects of physical or chemical properties of water or steam or other liquids or gases used in the equipment. This warranty is extended to and enforceable only by the first purchaser at retail.

CSF warrants its products to be free from all defects in material and workmanship, as limited herein, shall be in lieu of and exclusive of all other warranties, except warranties implied by law. All warranties, whether expressed or implied, including warranties of merchantability and fitness for purpose, which extend beyond the description herein, are expressly disclaimed.

In order to obtain CSF's performance of any warranty obligation, purchaser must return the part or parts to the place of purchase, with all shipping or transportation charges prepaid. If, in the judgment of CSF, this warranty does not apply to the part or parts returned to the place of purchase, then purchaser must prepay all return shipping or transportation charges from the place of purchase to purchaser, in addition to those shipping or transportation charges which purchaser shall have previously pre-paid.

Purchaser's remedy for breach of this warranty is limited to repair or replacement of any part or parts for which the examination by CSF shall disclose to have been defective. Purchaser's remedy does not include reimbursement for any labor or material charges incurred by purchaser for removal or installation of parts, adjustments, repairs or any other work done.

Under no circumstances shall CSF be liable for any consequential or incidental damages of any kind for breach of this warranty or of any implied warranty resulting from the order or use of its products. These damages include (but are not limited to) reimbursement of original purchase price, loss of the use of vehicle, loss of time or inconvenience, towing charges, rental of a replacement vehicle and any other special, incidental, consequential, or punitive damages.

This warranty is not transferable and is automatically cancelled in the event that the vehicle in which the radiator has been initially installed is sold, leased or otherwise sold or transferred to another owner or leasee. CSF neither assumes, nor authorizes any person to assume for it, any obligation or liability other than as herein expressly stated.

## IMPORTANT!

To activate your "Warranty" you must first have a Cooling System Inspection to diagnose the cause of your old radiator failure.

Installing a new radiator without correcting the problem will simply result in your new radiator failing prematurely again: Excessive Pressures & Temperatures will cause failure and is not covered by the warranty.

Please save copy of this Inspection Report and your original repair receipt as they will be required for warranty processing and must accompany claim.

Checked following:	
Thermostat	Electrolysis
Water Pump	Head Gasket leaks
Fan Belt	
Safety Pressure Cap tested	I to open atpsi,
The state of the s	with engine on and in hot condition
(should be at least 3-4psi I	and the second s
	ess than Cap Flessure)psi.
Coolant: Adding incorrect c your vehicle manufacturer Mixing coolants can cause	oolant or any coolant not specified by can result in damaging your Radiator. severe chemical reaction and will void
Coolant: Adding incorrect of your vehicle manufacturer of Mixing coolants can cause warranty. Coolant Brand and	oolant or any coolant not specified by can result in damaging your Radiator. severe chemical reaction and will void specification used

If vehicle returns with problem, inspection must be repeated.
THIS INSPECTION REPORT MUST BE SUBMITTED FOR ANY

Proper Inspection will assure you years of trouble free use

WARRANTY PROCESSING.
