Mileage \_\_\_\_\_

Converter Part No. \_\_\_\_\_

Date Installed \_\_\_\_\_

Customer Invoice No. \_\_\_\_\_

**THIS FORM MUST BE COMPLETELY FILLED IN BY INSTALLER**

**CUSTOMER - RETAIN FOR YOUR RECORDS**

### IMPORTANT -

THE FOLLOWING STATEMENT MUST BE READ AND SIGNED BY THE VEHICLE'S OWNER AND THE INSTALLER OF THE REPLACEMENT CATALYTIC CONVERTER.

Catalytic converters are emission control devices that are designed to last the life of the vehicle and do not normally require replacement. Furthermore, if the vehicle is properly used and maintained, original converters are covered by the emissions control warranty for at least seven years or 70,000 miles. Some vehicles are covered for longer periods. Consult the vehicle owner's manual for your specific coverage. Air quality laws prohibit repair businesses from replacing these devices except under certain limited circumstances.

In order to verify that the proper circumstances exist, the owner of the vehicle on which such repairs are made and a facility representative must sign the following statement:

"The vehicle is outside of the manufacturer's warranty and the catalytic converter required replacement because \_\_\_\_\_  
or the vehicle's catalytic converter was missing when the vehicle arrived."

Vehicle Owner's Signature \_\_\_\_\_

Facility Representative's Signature \_\_\_\_\_

Date \_\_\_\_\_

The installer must retain this statement and a copy of the invoice for 4 years and the replaced converter (\_\_\_\_\_) for at least 45 days from the date of installation of the replaced converter. The replaced converter must be marked in such a way that it can be identified with the customer invoice and this statement and be available for inspections.
